2

Reglati P2 astfel incat sa fie ferm in contact cu P1.

1:1

7

La prima utilizare, rotiți ușor roțile cu degetele pentru a le slăbi. Mașina dumneavoastră se mișcă înainte când se află în lumina directă a soarelui sau sub un bec halogen puternic. Îndreptați panoul spre lumină pentru cele mai bune rezultate. Iarna, este posibil ca lumina soarelui să nu fie suficient de puternică.

8+

AVERTISMENT: Doar pentru copii de 8 ani sau mai mari
AVERTISMENT: Nu este potrivit pentru copiii mai mici de 3 ani din
cauza pieselor mici care pot fi inghitite. Pericol de sufocare
